## (=) who and what is covered?

As an affiliated club of British Triathlon (including home nations) the insurance in place is designed to protect your club, and its committee, officials, members, and volunteers in relation to organising or delivering club activities. Cover applies for delivering organised training, competitions (which should be authorised and recognised by British Triathlon), official social events, and related activities.

### **CLUB MEMBERS**

R

۲×۲

If individual club members need to be insured for training or competition they must hold a membership directly with British Triathlon. The club insurance cover described does not cascade down to insure members whilst training or competing.

## SOCIAL ACTIVITIES

Club's social activities are covered. Recognised and insured social activities would include the likes of award dinners, fundraising activities, and summer barbecues. The exception would be where the activity/event requires any specialist training, qualification, experience, or equipment e.g. inflatables, firework displays - these would not be insured. **If you are unsure whether your social activity is recognised, please contact Marsh**.

### £15,000,000 PUBLIC LIABILITY

Provides cover that protects the club if they cause injury to a third party or damage to third party property. If the club is held legally liable compensation will be paid by insurers to the injured party. The club will only pay the excess of £250 if a claim for damage to property is successfully made against you. Includes "Member to Member" cover.

### PUBLIC LIABILITY SCENARIO

During a competition the club provided their own barbecue and a child suffered a burn. Following the event the club received a letter of claim from the child's parent alleging the club had been negligent by failing to cordon off the barbecue area and not having the appropriate first aiders in place to treat the injury. The letter of claim was subsequently passed to the insurers to investigate accordingly and assist the club.

### £10,000,000 EMPLOYERS' LIABILITY

Protection for damages and legal costs arising out of death or bodily injury caused to employees or volunteers during their engagement with the club.

### EMPLOYER LIABILITY SCENARIO

A club asked a volunteer if they would help erect race signage along the route of the course. The club supplied a ladder to help fulfil the task. The stepladder collapsed whilst the volunteer was using it and resulted in a back injury. It was proven that the step ladder was faulty and unsuitable for the task at hand. The club were held liable under employers' liability, because they had provided the piece of equipment to their volunteer. Insurers were appointed to investigate the matter on behalf of the club committee.

### £5,000,000 PROFESSIONAL INDEMNITY

Cover for those that provide advice, or instruction. It protects these club individuals against legal costs and claims for damages from third parties which may arise out of an act, omission, or breach of their

professional duty.

### PROFESSIONAL INDEMNITY SCENARIO

A member of the triathlon club committee provides advice to a triathlete or coach that leads to financial loss or injury. For example, if a committee member advises a coach to implement a training technique that results in triathletes being injured, a professional indemnity claim may be filed. Insurers would deal with the claims costs and compensation awarded to the claimant.

### £2,000,000 ABUSE COVER

Cover for the club if they become legally liable to pay damages, including costs and expenses for claims arising from abuse.

### £5,000,000 DIRECTORS AND OFFICERS
