

Personal accident & fishing equipment insurance

Summary of cover for Swimbooker members

Valid from 1 November 2023

Protection for your most valuable assets

If you become injured or your fishing tackle and equipment is lost, stolen or damaged during the operative time of the policy, you can incur significant financial losses as a result. Personal accident and fishing equipment insurance can help offset some of these unexpected expenses.

This insurance can pay out a set amount if someone is injured in an accident and the payout can be a lump sum or a weekly amount. It ensures all participants have protection in the event of an injury and because this is a “non-negligence” cover it can help reduce litigation because unlike a liability policy you do not have to find someone to be at fault for an injury to receive compensation.

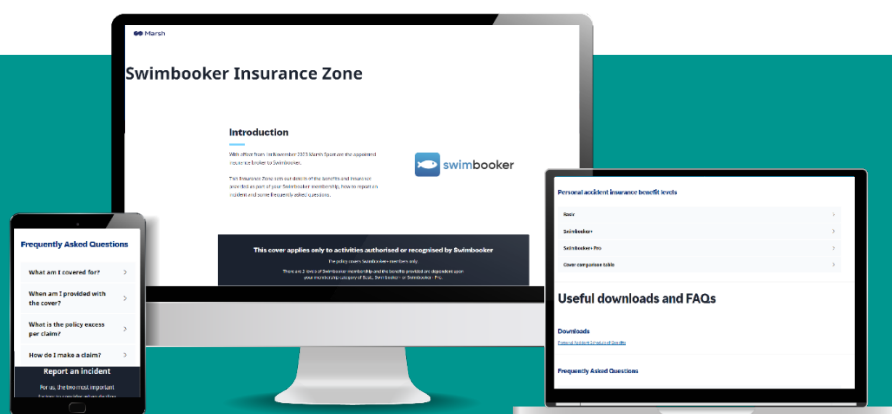

Up to £1,000 of cover is also provided for Loss/Theft/Damage to Rods, Tackle and Equipment for Swimbooker+ and Swimbooker+ Pro members. Details are provided within the table below.

Operative time:

Cover commences from when an insured person arrives at fishing grounds and will terminate when an insured person leaves the Fishing ground.

What is covered:
